Dear Mr Weisberg:

I was listening to your discussion on Night Talk W.C.H.U. about your book Whitewash it was very interesting and very good too.

God Bless you for having people like you Mr Weisberg this Country needs more good people like you more power to you?

Mr Weisberg my Dad used to tell me this "America rose up from nothing the way it's going it will go back to nothing" He also said the people will want to go back to Europe they will try to go on a raft or even a plane but won't be able to they will see foot prints in the sand thinking their loved ones went by leaving foot tracks thinking it was them in hopes to find their loved ones.

It is very bad Country like ours to do what they are doing
over

Your talk on the radio I hope lots
of people heard it. To expose such
an every one of them.

As for you Mr. Winberg. Bless you
an every word you said an do.

Please send me your good.
Cook Whiteback I will be sure
to read every word of it.

Yours With Respect
